When you see an incredible girl — not just hot, but truly amazing — do you stand there looking at her and think, "If I could have this girl...

If she was here next to me, holding my hand...If she looked at me across a room, telling me she loved me with her eyes...

**If she was my girlfriend...Man, I could conquer the world."**

If what you really want is to connect with one amazing girl...

And make her your girlfriend...

Then you've come to the right place! **Let me explain to you how attraction works.**

I'm sure you've seen this before: some pimple-faced pipsqueak walking hand-in-hand with a Victoria's Secret model. And I'm sure you've wondered: how did he do it? She's so "out of his league!"

Well, the answer may surprise you.

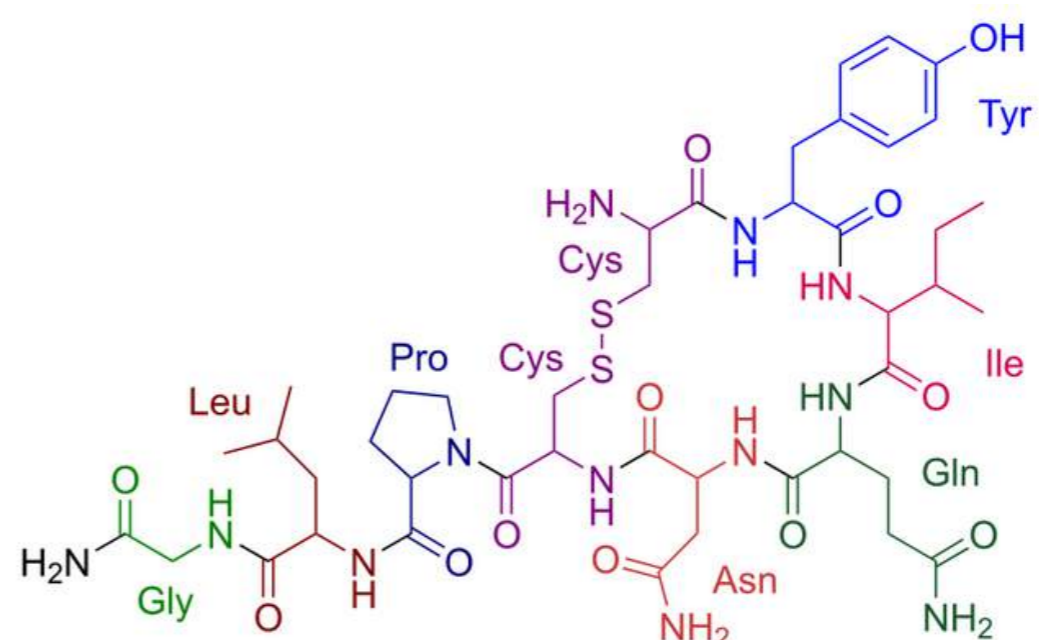

**That model is not "out of his league." In fact, there is no "league," because attraction has nothing to do with what you look like.**

So then, what does it have to do with?

## The Science of Attraction

This is **Oxytocin**.

Scientists call it the "love hormone," and it's what every woman's brain releases whenever she feels **passionate, overwhelming attraction**.

This is it. This is what...

- Causes attraction in women...
- Makes them fall in love...
- And creates their need for monogamy

So... now you're thinking, "WTF? I thought you were going to tell me how to meet, attract and date my dream girl. I didn't ask for a lesson in neurology!!"

Well.

Let me tell you why this is great news for you...

Because it means that no woman is out of your league.

I'll say that again, because it's extremely important.

**NO WOMAN IS OUT OF YOUR LEAGUE!**

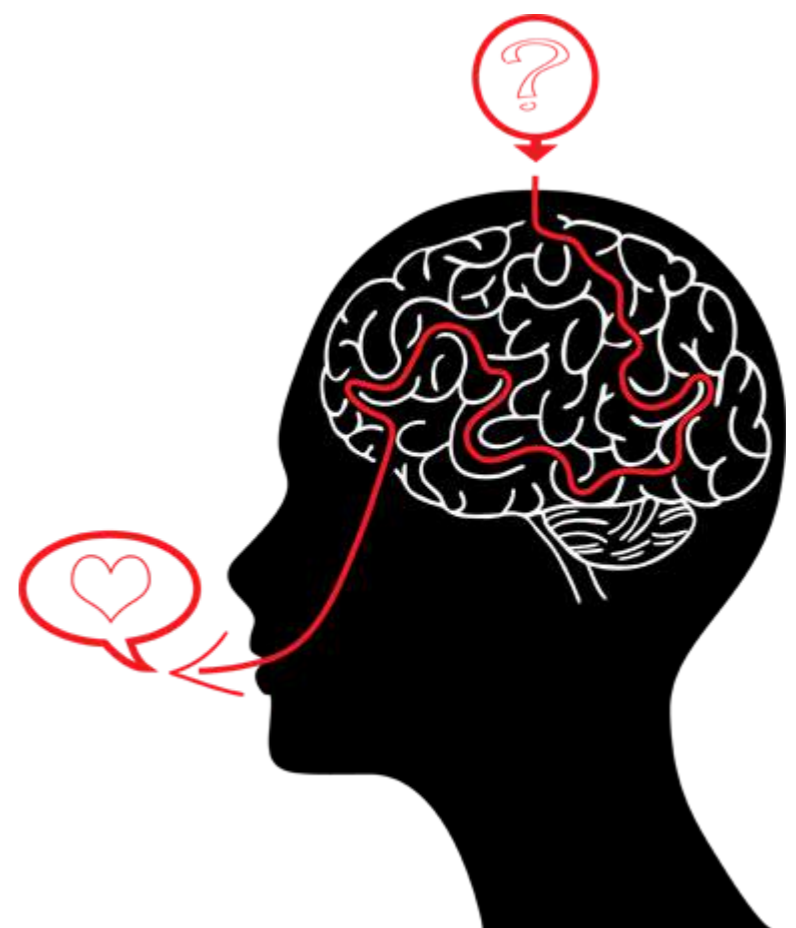

You don't need a car. You don't need money. You don't even need a job or a full head of hair!

*All you need is the specific formula for releasing oxytocin in your dream girl's mind...*

## Neurological Research Has **PROVEN** It!

If that pimple-faced kid got a Victoria's Secret model to go to prom with him... **how come you haven't landed the girl of your dreams yet!?**

The answer: because no one's ever shown you what I'm going to show you. And what I'm going to show you is the one and only step-by-step manual for triggering her brain to pump oxytocin, "the love

hormone", through her veins so she becomes like an addict needing to be near you!

And it's not your fault. It's the way you and every other guy out there have been programmed to see yourselves.

**But If you don't learn how to destroy this vision of ourselves, we'll always be on the outside looking in.**

It's a paradox. It contradicts itself, but is true. We see these women as our 'ideal', yet we don't see ourselves on their level. Strange right?

So we settle for what's easy, and comfortable, **not the girls we're really into...** but the ones that approach us, the ones let us know for sure they're interested and are waiting around at last call. The girls we can get – opposed to the ones we want.

**Here's what it looks like:** Imagine your perfect girl... not hard to do right?

She's perfect for you in every way. If you could make this girl want you, love you, crave you sexually, and be your girlfriend, your whole life would change. Right?

She's giving you all the right signals, and she's available, all you have to do is make the right move and she's yours.

The trouble is, **she's surrounded by a swarm of angry bees stopping you get to her...**

**All you have to do is get rid of that angry swarm of bees.**

**They're what's separating you from your dream girl...**

But how?
