*How to Get Him
to Commit*

Let Me Ask You Something...

Do You Still Believe in Love?

I'm not talking about love with a small "I"...

Or love in the abstract.

I'm talking about a deep, almost unexplainable soulful connection that transcends everything else.

I'm talking about the fairytale kind of love that you believed in when you were a kid.

I'm talking about a love so powerful that it makes you feel like as long as YOU have that love, that feeling, that person in your life, nothing else can hurt you.

It's kind of hard to describe unless you've thought about it, or maybe you've been lucky enough to experience it.

You know what I'm talking about, right?

If You DON'T, You've Come to the Right Place

If you've lost all hope in finding true love, or "The One," if you think you're destined to spend the rest of your life alone and never feel the heart-melting embrace of a man who can't live without you...

This report is for YOU.

Because by the end of it... You'll have such a unique insight into a man's decisions, you'll have the power to make that one special you

want... completely obsessed with the idea that you need to be in his life forever.

Because right now, **I'm going to show you how to understand men and how they fall in love and why they only commit to certain women...**

But more importantly, **I'm going to show you how to make ANY man so completely addicted to you he will be utterly convinced that he can't live without you.**

I'll do this by revealing a man's Biological Decision Making Sequence — the evolutionary and psychological TRIGGERS for attraction, desire, togetherness and joy that are responsible for every decision he ever makes.

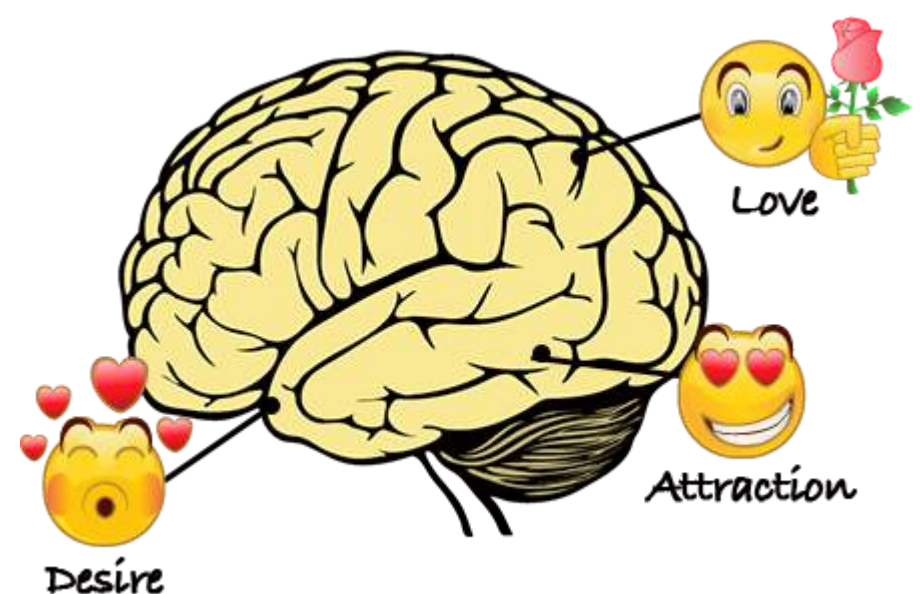

Once you learn this decision making sequence... **you will have the power to make any man so completely addicted to you he will literally drop to his knees and BEG you to be his forever!**

How Men are Wired...

Do you realize...

...that things like attraction, love, desire and devotion are *not* decisions?

They're emotions. And emotions are TRIGGERED.

Once the man you love is triggered to make an emotional decision that he loves and adores you and that you are his soul mate...

There's nothing anyone can do to convince him otherwise.

You see, hidden within the genetic decision making sequence is a "Commitment Switch" all men have hidden deep inside.

All you need to learn how to do is "flip" his switch!

His Biological "Sequence of Emotions"...

Like I said before, **every decision a man makes is out of emotion, not logic.**

And this is the 3-step biological sequence of emotions that you need to trigger in a man:

- **Anticipation:** Believe it or not, anticipation actually makes us happy. If you want a specific reaction from a man, he needs to feel the burning anticipation of feeling the right emotions!
- **The Feeling of Being Alive:** Laughing, crying, happiness, anger... our emotions are what make us us. It's what life is all about.
- **The Feeling of Belonging:** Probably the most important step is the feeling of belonging. Trust, love, and companionship. Whether or not he realizes it, this is what every man wants!

This sequence of emotions always works, without failure.

It's the reason why men commit to certain women, but not others. It's the reason why men settle down and get married with the women they've fallen for head over heels.

Once a man feels like he **belongs**, he'll be yours.

So how can you start using this "biological sequence" RIGHT NOW?

Well, that's exactly what I'm going to show you. Over the next few

days, I'm going to be sending you videos in which I'll get even more in-depth with you about how you can get your dream man to commit.

So keep an eye out.

I'll talk to you soon.

David
