UNLEASHING

Her Inner "Bad Girl"

WWW.DAVIDWYGANT.COM

Are you ready to learn the secrets that can unleash that inner bad girl every woman secretly has inside her?

Of course you are...

Let me share something with all of you.

When I was young - 14 years old to be exact - my mother had a beautiful friend who was 29 years old.

Her name was Vicki, and she was absolutely *gorgeous*.

I would always time my, well, entrance into the kitchen when I knew all my mom's hot friends would be sitting around and talking about naughty things.

Because *that's* what women do...

...especially bored, married women.

I'd make my way downstairs from my room or from the den, and I'd usually catch a conversation about sex.

I would slowly get my snack, my donut, or whatever it might be, and eventually, Vicki would always come and get me.

"*Hey David.*"

I'd say, "What?"

And she'd say, "*Why don't you come in here and learn some things?*"

From 14 to 17, I used to sit with my mother's friends and I used to learn something about women:

They are naughty.

Every woman has an inner naughty girl that is looking to come out.

So I sat there, wide-eyed, a total virgin, listening to everything.

I couldn't believe how sexual women were... and how much they wanted things done to them.

And it was great, because all these women were so frustrated, because all the men they were seeing were *just typical guys*.

Guys that would have sex with them for five minutes, cum, and then roll over and go to sleep.

Guys that couldn't communicate and talk about sex at all.

Guys that would just objectify women and look at them without even learning.

These women taught me 3 key things to unlocking any woman's inner naughty girl:

#1: LISTENING TO HER

I couldn't believe how simple it was.

I almost thought to myself, *what do you mean by listening to her?*

But what I have found was this: when you listen to women, when you hear their thoughts, when you hear their desires and wishes about life and other things, and you allow them to express themselves...

They feel so safe, so vulnerable that they don't even think about being with anybody but you.

So that's the first thing: *making them feel safe, vulnerable, and listening to them.*

#2: SEX

I believe in what I call **the George Costanza theory of sex**: you do the exact opposite of what everybody else has ever done.

Let me explain. You see, when you're crawling all over her and humping her like a Golden Retriever in heat at the end of date #1, **she's looking at you as an average chump**, just like every other guy that's ever gone out with her.

You've shown no restraint, and when you show absolutely no restraint, she gets turned off by you. She thinks that sex with you is going to be another bad experience for her, that you're another guy who's going to go and have sex with her and cum too fast, and basically do nothing for her.

So, I learned the magical trick of restraint.

I am so restrained that no matter how beautiful a woman might be, I just treat her like a woman.

I listen.

And at the end of the date, I give her a hug, maybe a kiss on the lips, and then I throw her back literally with my hand, and I tell her to leave.

I show full restraint because that way.

And when you show full restraint, you have an opportunity to show her that **you are the man that's totally the opposite of all the men that she's ever dated.**

It's powerful, it's sexy, and it works great. It also builds up tension and shows her that you can resist, that you equally want to feel safe.

That **you want to be the man that feels safe around her**, too, that you possess these amazing sexual techniques because you're not trying to hump her or date rape her before the night is even over.

Which leads us to number three...

#3: COMMUNICATION

Communication is the ultimate form of lubrication.

Finding out what she likes and doesn't like, allowing her to speak about sex, allowing her to freely talk about what her needs, wants, and desires are in the bedroom...

...will get her absolutely amped up for you.

She'll be so turned on that you're listening and literally taking mental notes, because you're learning what I call ***her sexual blueprint***: the blueprint that she's literally going to expose to you so she could become the naughtiest version of herself.
